

AFF ideas

- Disadvantage
 - Topic DA
 - Terrorism
 - Impact Scenarios
 - Cyber DA

USFg means all three documents
Should have specified in the cross-x

High-skilled worker Advantage

- tech innovation
- Countries model after our judicial system

Politics Disad

- Politics Disad - Offensive
 - Uniqueness: TPA will pass
 - Status Quo
 - Link: Plan Unpopular
 - Require a great deal of Political Capital
 - Internal Link: TPA key two trade/Asia pivot
 - How plan links to impact
 - TPA is good - promotes trade
 - Impact
- A2 Politics Disad - Offensive Arguments
 - Link Turn - Disad becomes offense for the AFF
 - TPA won't pass (because Democrats will prevent it)
 - Plan is popular - don't get any offense off of that, have to add things on to it
 - Impact Turn:
 - Only has one component: Impact
 - Asia Pivot bad: China would not be included in the deal, and ISIS will gain control in the middle east
 - Internal Link Turn
 - TPA Bad
 - China is not included
 - Textiles in Vietnam
 - TPA not key to trade
 - We have multiple checks
 - e.i. United Nations

Theory Argumentative

Fiat

We are the federal government and will pass the plan
Immediate (Bottom of the Docket)

Plan starts when it is **implemented**

- Education
 - Implemented focus good
- There is a topic disad

When we begin the **process**

- Education
 - real world - how legislation is passed
 - forces us to keep up with current events
- Fairness
 - key to neg grounds and check new affs

Theory Analytic

1. Bottom of the Docket
 - a. Congress's official docket...won't come up
 - i. Delay Argument
 - b. Education
 - i. good talk about Current Events
 - c. Fairness
 - i. Negative never creates a stable ground
2. Fiat solves the link
 - a. Fiat lets us do whatever we want, and lets plan pass with the least assistance
 - b. *Answer:* Link debate proves that
 - c. *Answer:* Process good for education and fairness
3. The DA is not intrinsic
 - a. Logical policy maker could do both
